Justice For Pepe ~ Justice for Guatemala Campaign ***Campaña Justicia para Pepe ~ Justicia para Guatemala***

October 15, 2007

We, the undersigned individuals and organizations, write to express our shock and dismay over the assassination of José Emanuel “Pepe” Méndez Dardón, son of prominent human rights defender Amílcar Méndez Urizar, and to demand a full investigation by Guatemalan authorities.

On Friday, August 17, Pepe Méndez was brutally assassinated. He was shot multiple times at close range as he was leaving his Civil Aeronautics job at La Aurora International Airport in Guatemala City. The manner in which the crime was committed indicates that it had been planned. Since his childhood, Pepe Méndez supported his father in his struggle to defend human rights and the rule of law in Guatemala.

Amílcar Méndez is widely known and respected among activists, academics and high level government officials around the world for his work on behalf of Guatemala’s indigenous communities, his defense of human rights, and his respect for the rule of law.

The murder of Pepe Méndez, who supported his father’s work throughout his life, has shocked and saddened the international community. We believe that this crime may have been retribution for his – and his father’s – activism and was intended to intimidate others who stand up for human rights in Guatemala. There is concern that there will be impunity for the perpetrators of Pepe’s murder, that justice to the family will be denied, that the truth will not come to light, and that the rule of law will be repudiated – as in thousands of other cases in Guatemala. And there is reason to believe that State agents involved in illegal activities are also involved in the murder of Pepe Méndez.

The United States Ambassador to Guatemala, James M. Derham, has offered the assistance of the U.S. Federal Bureau of Investigation (FBI) in the investigation of the murder of Pepe Méndez, an offer that the government of Guatemala has yet to accept.

Therefore, we urge Guatemalan authorities to:

- **Order a prompt, thorough, and impartial investigation into the assassination of José Emanuel “Pepe” Méndez Dardón;**

- **Accept the offer to have the FBI participate in the Attorney General's Office's investigation; and**
- **Include the Human Rights Ombudsman in all phases of the investigation in order to insure greater transparency, accountability, and protection for all members of the Méndez family and their legal team: Lic. Danilo Rodríguez Gálvez, Factor Méndez and Fernando Penados.**

We, the undersigned, admire and support the efforts of human rights activists like Pepe and Amílcar Méndez, and will continue to monitor the development of the investigation into Pepe Méndez's assassination as well as the prosecution of those responsible for this heinous act.
